FOR IMMEDIATE RELEASE

CEC Exhibits at The Defense Manufacturers Conference

CALUMET, MI: PCB Manufacturer - Calumet Electronics Corp. (CEC) announces participation in the Recent DMC Conference, November 27-30, 2006 held at the Gaylord Opryland Hotel in Nashville, Tennessee.

CEC recently exhibited at the Defense Manufacturers Conference in Nashville. The conference brings together leaders from government, industry, and academia to exchange perspectives and information about critical Department of Defense manufacturing technologies and issues. This is the premier national forum for presenting and discussing initiatives aimed at enhancing defense manufacturing capabilities, platform/system/subsystem affordability, and sustainment efficiency, as well as assuring domestic technology transfer.

Stephen Vairo – President/CEO

Stephen Marshall – National Sales Manager

“Our participation affords us a venue to present the perspective of the North American printed circuit board manufacturer to the Defense Industry” states Stephen J. Marshall, National Sales Manager, “we believe that the challenges we face individually have the potential to become opportunities when we improve the collaborative efforts within the supply chain.”

Calumet Electronics Corp.

For 38 years, Calumet Electronics has been setting the standard of excellence for printed circuit boards. By consistently providing customers with friendly, detail-oriented service and the highest level of quality and performance, Calumet Electronics has built one of the most successful circuit board shops in North America.
